

## We help families with long-term care insurance get every claims dollar they deserve. Faster. Meet Family Solutions for Care.

When clients have long-term care insurance, that can be a win-win for them and for you. However, owning a long term care insurance policy does not guarantee benefits.

Families need to access long-term care insurance policy benefits to pay for professional care. **Insurance claims denials or payment delays can impact family decision-making, and delay move-in dates.**

The long term care insurance claims process is exacting and demanding. A successful claim is usually very time consuming, and requires intimate knowledge of the policy. There are over 400,000 policy variations, including different eligibility/certification requirements. In order to have a successful claim, not only is documentation needed from every care provider and medical providers, their documentation must satisfy the policy requirements.

**Family Solutions for Care (FSC) is America's largest and most experienced long term care insurance claims experts and family advocacy company.**

Family Solutions for Care (FSC) has worked with thousands of families, senior living and long term care professionals. We've unlocked more than \$250 Million in claims payments.

- **Avoid Liability** Insurance policies are highly-regulated financial contracts. When communities offer to help with long term care insurance claims, they open themselves up to potential lawsuits.
- **More Claims Money** In our experience, many individuals who have a long term care insurance policy do not get all of the claim dollars they deserve. ***As a result of our unique benefit analysis and retroactive care review, our clients typically receive \$23,000 in extra claim dollars!***
- **Proven Track Record** When FSC is involved from the very beginning, on a standard claim, we have a 100% success rate. If you have a denied claim, of course we will help you! When families bring us in after a claim is denied, we are able to get the denial overturned in over 90% of cases! Denied claims are more costly.
- **Lost Policy Assistance** What if a family can't find their family member's long term care insurance policy? FSC can help! We are glad to help them track down and secure the policy at no cost - it's part of our no-cost, no obligation policy & situation review.

**More money faster for families** Our process start with a no-cost, no obligation review of the situation & the policy.

**Refer clients for a no-cost, no obligation policy review**
